TERRACON BUSINESS PARK

Terracon Business Park is Terracon's first business park development. This 100-acre business park is located on Dugald Road near Lagimodiere Boulevard in Winnipeg's east side. Dubbed Winnipeg's first 'smart park' when it opened in 1976, Terracon Business Park features over 385,000-square-feet of flex space for office and light-industrial tenants.

The grounds are immaculately landscaped and provide a calming environment. Along with our current available space, Terracon Business Park also offers several build-to-suit opportunities.

The reality of the world today has changed what tenants are looking for in workspaces. All of our business parks provide tenants with the safety of on-site security, individually controlled access, air management systems and standalone parking, and the ability to create as touchless an environment as tenants wish.
